Striking Truckmen and Paving Company Still in Deadlock

HOME TOWN STUFF

The writer of this column heard of a man not far away who seems to fit rather well the definition of an agriculturalist. He had been rather above the average success in business, accumulating a neat competence and building up a business that returned satisfactory profits every year, with an occasional "big year" when his earnings would go way up.

As a youth he lived on a farm, and always wanted on own a farm. He had painted a wonderful picture of farming in his mind, remembering the pleasant delightful experiences of his boyhood and forgetting the unpleasant toil under summer suns and equally unpleasant jobs in winter. In his mind he had created an idyllic situation and it all revolved about a farm with beautiful meadows, contented cows grazing peacefully beside the babbling brook; pigs rolling fat sleeping peacefully in a sanitary pen; while a short distance away the farmer was singing merrily over the happy task of harvesting hay. This is the kind of farm conditions one sees in the pictures or reads about in poetry or creates in one's own imagination.

So this man, with business on a safe and sound basis, his finances in good condition, went out to gratify his ambition to own a farm. He hadn't carefully noted farm conditions for many years. He was too busy. He got glimpses of farm life from speeding trains or from his automobile as he sped along the highway. He was disappointed in his inspections of farms, but finally decided that all these farms needed was a little "intelligent" management in order to make them as beautiful as the artists paint them in pictures and as profitable as the county agricultural agent says they can be. He was determined to own a farm. He finally bought one, paying about fifty per cent more than it was worth in point of earning power.

Like a child with a new toy, this man employed labor to work his farm, and enjoyed the experience for a while. Now he says he has to work like a man in his business in town in order to keep his farm establishment going and is only waiting an opportunity to unload on some successful business man, who, like himself a few years back, wants to indulge his ambition to own a farm. These are the kind of men who keep prices of land going higher and make it hard on the actual farmer who is trying to make a living and pay a small profit on his investment. But it is all right the farmer who sold to the successful business man made a sufficient profit on his sale to enable him to move to town and live in as good a house as the business man. Life is like that.

It seems to be fashionable these days for women to wear polka dot dresses. For our part, we rather like the style. It recalls boyhood days when the country schools had "exercises" on Friday afternoon. The writer of this column has a very vivid recollection that his first shirt with a detachable collar was pink and white with polka dots about the size of a nickel, and it was worn on special occasions. Like Friday afternoons when the "scholars" were lined up before the school and spoke "pieces." Styles move in cycles. Polka dots, stripes and checks come and go every so often, like bell-bottom trousers for men.

They all do it. These vacationists go away to cool climates and send back picture cards to poor working people. H. W. Norwood has sent a card from Colorado Springs to H. T. On the reverse side is a picture of a huge snow bank alongside a railroad track near Colorado Springs. People send things like that to hard working people who can't afford a summer vacation, and then wonder why

LEGAL ACTION IS THREATENED BY TRUCK OWNERS

Strikers Present Organized Front and Make Specific Demands, Refusing Slight Increase—Declare They Must Be Paid by Monday Noon.

Paving work on Highway No. 23 between Vernon and the Ford County line was still marking time today, with the striking truck owners who have been hauling materials for the McClung Construction Company, contractors, presenting a better organized front and threatening legal action. A delegation of truck owners, elected as an executive committee by owners representing forty-five of the forty-eight trucks which have been hauling materials, this morning declared, "We are going to behave ourselves but we will make them shut down or pay our price. If we are not paid by noon Monday we will take steps to get our pay through the courts."

FOUR CHILDREN DIE IN FLAMES

TWO OTHER PERSONS IN
SERIOUS CONDITION
AFTER FIRE

Monard, N. H., Aug. 17. — (AP) — Four children, three under five years of age, were burned to death here last night. A fifth, Esther, five years old, sister of three of the others and daughter of Marshall French, truck driver, and the father were in critical conditions from burns.

The father succeeded in carrying Esther from the flames that had been his frame house on the outskirts of the city, but collapsed and was found lying by the roadside with his clothing burned from his body.

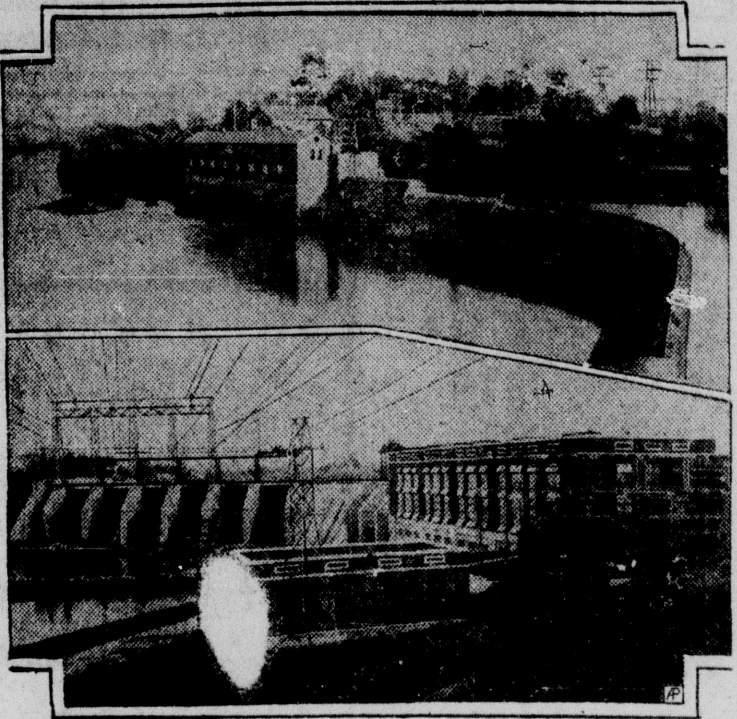

The victims were George, Marshall, Jr., and Charles French, all under five, and George Mercer, 14, son of Edward Mercer, who was at the French home to care for the children. Mrs. French had been away and returned just after the tragedy. Origin of the fire was not learned.

CONVICTS RECAPTURED BY TRIO AT COLMESNEIL

Beaumont, Aug. 17. — (AP) — A wild scramble for freedom by Elroy Roberts and Finas Goree, who escaped the Huntsville prison Thursday, was halted near Colmesneil, Texas, last night.

They were recaptured by Contable J. U. Hobson, and J. H. Riley and "Pomp" Meadows, business men, who, tipped the desperadoes were in the region, sighted them and gave pursuit. Driving his machine past that of the convicts, Hobson turned it across the road and for Roberts and Goree there was nothing to do but stop. One made a tentative motion with a pistol but reconsidered when the officer crew his gun.

Duke's Experiment Puts Big Investment In Southern Power

The Duke Power Company of the Carolinas has increased its capitalization from \$100,000,000 to \$150,000,000. Typical plants of the system are shown.

Charlotte, N. C. — (AP) — A plan of James Buchanan Duke, brains of the old American Tobacco Company and founder of one of the largest power concerns in the world, has grown to be a \$150,000,000 company.

Stockholders of the Duke Power Company at a recent meeting in Newark, N. J., voted to increase the capitalization of the company from \$100,000,000 to \$150,000,000. The increase was voted to carry out a program of work planned by the company, and to carry out the founder's ideal of "serving the people of the Carolinas in earnest."

The Duke Power Company is merely another name for the Southern Power Company, founded by Mr. Duke and William S. Lee some 20 years ago. The name was changed and numerous interests merged after the death of Mr. Duke two years ago. Mr. Lee still is at the head of the company.

The tobacco king first became interested in power through a physician, Dr. Gil Wylie of New York. The doctor, who was treating Mr. Duke, told him of the experiments of Mr. Lee, who had invented an insulator making possible the carrying of high tension power 10 or more miles, a thing then unheard of. Then Duke and Lee began working on the plan, Duke supplying the funds.

They started with one dam in South Carolina, and the company at the time of Duke's death owned a dozen or more dams on the Catawba River alone, and plans were under way for others.

Now the Duke Power Company, besides supplying power to scores of cities in North and South Carolina, has encouraged movement of cotton mills to the Carolinas by affording industrial power.

The company supplies electric power for cotton mills and factories, owns the public utilities—electric, gas and street car systems—and in addition owns the Piedmont and Northern Railway, an interurban line operating between Charlotte and Gastonia, and Spartanburg, Anderson, Greenwood and Greenville.

The power company's earnings have been a boon to a few schools named by Mr. Duke in 1923, when he set aside \$45,000,000 worth of securities of the company, then said to be worth around \$75,000,000, for an endowment for Duke University, Durham, N. C., to be built around old Trinity College; Davidson College, Davidson, N. C.; Furman University, Greenville, S. C.; and Johnston C. Smith University, in addition, he endowed free beds in hospitals in the two Carolinas and provided pensions for retired country ministers of the Methodist Episcopal Church, South.

CHINESE DRIVE RUSSIANS BACK

RAID OF SOVIET CAVALRY
HALTED BY FIRE OF
MANCHURIANS

Peiping, China, Aug. 17. — (AP) — Official Chinese reports today said 700 Soviet cavalrymen were repulsed yesterday in a vigorous attack on Jialianor, a station on the Chinese Eastern Railway 22 miles south of Manchuli. Both sides suffered casualties in dead and wounded.

The Soviet troops were supported by heavy artillery fire, the Chinese garrison resisting with rifle fire and machine guns, twelve Russian dead were left on the field, four Chinese were killed, and two officers, six soldiers, and ten civilians wounded. The Russians remained on Chinese soil about three hours.

Another official message from Mukden said that after a heavy bombardment by artillery Soviet cavalry yesterday attacked the Chinese defense line at Meiyaotze, near Manchuli and twelve miles from the border. The fighting was said to be continuing. The latter report, notwithstanding its official character, was treated with reserve pending independent confirmation.

Tokyo, Aug. 17. — (AP) — Dispatches to Ashahi Shimbun, from Pogradichnaya today said Chinese and Russian outposts had clashed south of Pogradichnaya on the morning of Aug. 14, when Red cavalry allegedly invaded Chinese territory.

Since the clash the Chinese garrison at Pogradichnaya has been reinforced strongly.

Rengo dispatches from Khailar said a band of guerrillas believed to be members of a "young Mongolia" party raided a village eight miles east of Khailar on Aug. 15, and killed several civilians before Chinese troops drove off the marauders.

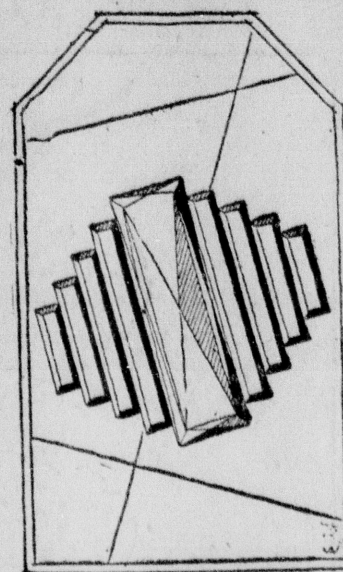

Rengo dispatches from Harbin said Chinese and Russian troops clashed yesterday near Hsilingho, a station on the Chinese Eastern Railway 31 miles northwest of Pogradichnaya. After a brief exchange of firing, the Russians retired.

Rengo Mukden dispatches said Chang Hsueh Liang, head of the Manchurian provincial governments after a military council at Mukden ordered mobilization of four additional infantry brigades; one cavalry brigade, and air units for border service.

The Highways of Buying

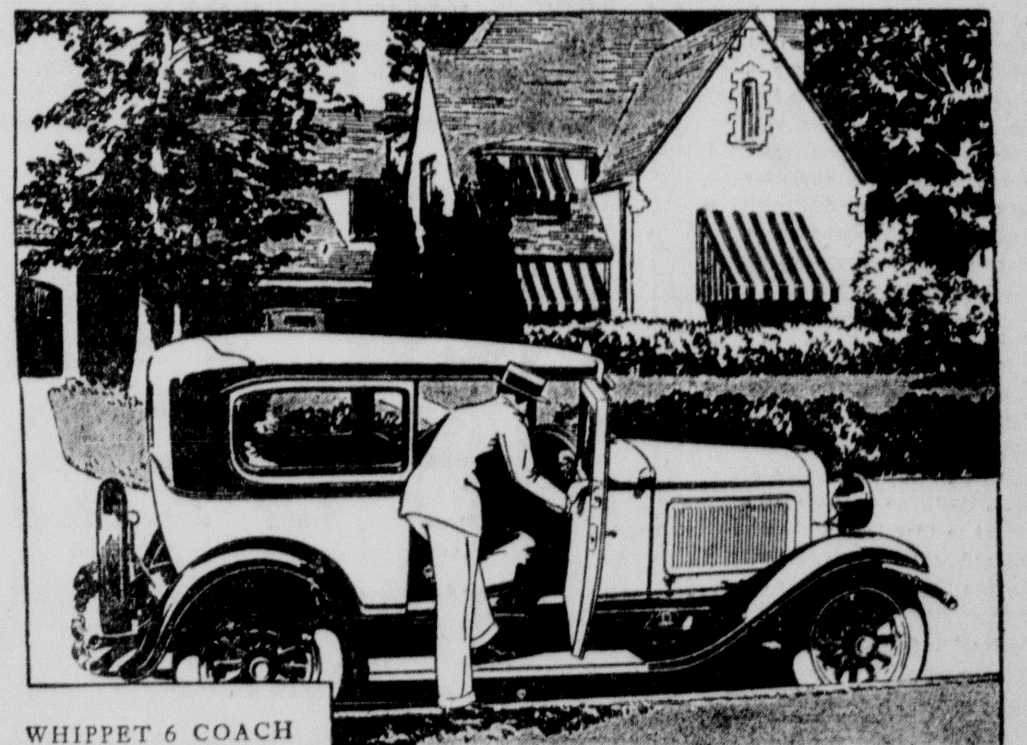

"FOLLOW the highway markings and you can't go wrong.".....That's the advice the Automobile Club gives you before starting on a motor trip. You follow the well-known, well-marked roads. And you reach your destination the safest, most comfortable way.

Why not follow the same rule in your shopping? Why not stick to the "highways of buying?" They have been just as carefully plotted, and are just as carefully marked as the great motor roads you've come to depend upon. Marked by the trade-marks of reliable, advertised products.

The next time you go shopping follow these "highways." Before you start, look through the advertisements in these columns. Pick out the products you want. Notice the names and trade-marks that identify them. And then ask for them by name.

The advertisements are sign-posts to guide you to the best and most reliable merchandise.

THE KELLOGG PACT FAILS

If China's report to Washington is true, the Kellogg-Briand treaty for the renunciation of war has failed, within less than a month after the date of its effectiveness. China has notified the signatory nations that Russia has started a war of aggression in violation of the terms of the agreement. Russia and China both being parties to the treaty, any war between the two must violate the pact.

Anyone attempting to analyze the failure of the pact to prevent war in its first application, soon finds that resort to arms is not surprising. Insofar as the layman is informed, the application of the Kellogg agreement in this instance was limited reminders of the obligations of both nations involved under the terms of the treaty. Nations making this reminder, foremost among which was the United States, urged abstinence from war, but their official capacity as representatives of the Kellogg treaty was ended there for the pact makes no provision for arriving at a just settlement of disputes.

In its present form, the pact would suppress war as a medium for settling disputes, without providing any means of solving difficulties between nations. What would our laws against crime amount to if no provision for enforcing them and no machinery for fairly arriving at disposition of each case were provided?

Taking the present Chinese-Russian difficulty as an illustration, the pact would enforce peace, but would make no attempt to see that nations involved get justice. Russia undoubtedly has some rights to the property which has been taken over by China, but if the nations were compelled to remain at peace and the situation remain as it is now, those rights certainly would be ignored.

Permanent peace cannot be founded on such a basis. Peace to be enduring must be founded on justice. Otherwise, a wronged people sooner or later will rise up to fight for their rights. Machinery for the preservation of peace must be positive as well as negative. It must work for the peaceful settlement of difficulties as well as against war. Suppression too, frequently becomes oppression, and cannot long maintain peace.

oretical training, if it proves practical. It is said that tests of the method proved successful, and the so-called "deskless" schoolroom is being advocated for all children from kindergarten through the sixth grade.

A school room prepared for this new educational experiment has the appearance of a conference room and pupils do their arithmetic, geography and other lessons in groups of four or five, discussing their problems as business and professional men and women. The plan looks promising. The youth must soon be trained to grasp facts and views as they are presented in conference and be able to assimilate and appraise them. Unfortunately the present method of training does not cultivate talent for this type of mental ability. Students of today are trained to solve problems which have but one solution, to be arrived at by a standard formula. There is no alternative to confuse or entice. Business problems, and other issues that confront the adult, present no such definite distinction between right and wrong, perfection and failure.

If the youngster can be trained to arrive at conclusions, and to grasp and criticize thoughts as they are presented by others he will have accomplished much that is not included in the school course of the present. However, it is possible that the mental gymnastics, as represented by standardized problems, are efficacious factors in mental development. They undoubtedly cultivate the art of concentration as well as application, although they may be lacking in promotion or initiative.

Perhaps there is a happy medium. After all, education is intended to equip the youth of the land to cope with problems they will meet in dealing with other men and women, and this training should begin early. The chief object of education should be to teach children to think actively, and thereby develop their faculties to the maximum. Of course this development should be balanced. A knowledge of facts and formulas unfortunately does not necessarily equip

Women's Organizations of Vernon Plan Active Fall Program

Committee Meetings Being Held to Arrange Details of Activities and Yearbooks Are Being Prepared

With the last few days of summer at hand, women in Vernon are looking forward to and planning for the fall months, which promises to be the busiest months of the year in social activity. Club women are anticipating the club meetings which will begin in September and October. Year books are being arranged and published, books and articles are being read in preparing for talks during the winter, and committee meetings are being held to look after details of the club activities.

The parent-teacher associations of Vernon are planning their activities for the opening school year, and monthly programs and a routine for the year's work are being worked out and arranged by committees of P-T. A. workers. The greatest year in the P-T. A. history of Vernon is being anticipated for the coming year, it is said.

Of unusual interest the first of the fall season will be the Wilbarger County rural community clubs' fair, which will be held September 13-14. The exhibit will be held some place in Vernon, but a definite place has not been decided upon at this time. The club women are making active plans for the fair at present, however, and various features are being prepared for the exhibition.

The American Legion Auxiliary members will begin an active program of work and study at the opening of the fall season. Although the Auxiliary has been meeting regularly with the Legion during the summer, no active program has been carried out. Various studies will be taken up by the women and new features of interest will be introduced, it is said.

Central P-T. A. Prepares Year Book for Publication

Complete plans for the year's work and program outlines will be completed for the publishing of a P-T. A. year book for Central School at a final meeting of the year book committee Monday, it is said. The Central School P-T. A. year book will be the first of its kind to be published in Vernon, but it is thought that the other parent-teacher associations of the city will take the example up and will also prepare one.

The book will be in loose leaf form so that more pages may be added later in the year. The contents will include a list of the officers and all committees, the plans for the year's work in detail, and an outline of the monthly programs and social meetings.

Delegates to Association Meet Named by Rebekahs

Five delegates and five alternates to the annual session of the Lower Panhandle I. O. O. F. and Rebekah Association, which will be held in Crowell Wednesday and Thursday of next week, have been elected by the local Rebekah Lodge. The same number of delegates and alternates will also be sent from the local Odd Fellow Lodge.

The Rebekah delegates have been named as follows: Mrs. B. H. Lewis, Mrs. H. D. Stevens, Mrs. George A. Long, Mrs. Evelyn McCroskey, Miss Mary Tom Lamari; and alternates as follows: Mrs. O. R. Key, Mrs. T. S. Lamar, Mrs. John Walker, Mrs. J. E. Barton, and Mrs. E. E. Coleman.

A large delegation from both lodges besides the delegates and alternates is expected to attend the two-day session.

With Lethargy of Summer Time Nearing Close, Women in Vernon Are Enjoying August by Resting

With the lethargy of summer time nearing a close, women in Vernon are enjoying the remainder of August with a rest in anticipation of a round of social activity in the Fall. Practically no one is entertaining these last remaining days of summer, although a few functions were listed during the week honoring visitors, and a few picnics and swimming parties.

Miss Alberta Backus of Springdale, Ark., was honored at a lovely party given Wednesday night when Mr. and Mrs. R. N. Hall entertained members of the Wednesday Night Bridge Club at their home at Marshall and Robinson streets. Bridge was the diversion of the evening.

Two watermelon feasts were given on Wednesday evening, when Vernon firemen and their families were entertained at the City Hall station and employees of the Vernon Theater and their friends were honored with a party at the home of Robert Sparks, manager of the Dent Theaters. Bridge and 42 games were the diversion of the latter entertainment.

Mrs. Earl Dye entertained a number of little guests with a party Tuesday afternoon in honor of her son, Alvin D., on his fourth birthday.

DEMPSEY TAKES INTEREST IN SCHMELING TROUBLES

Chicago, Aug. 17.—(AP)—Jack Dempsey today was attempting to settle some of the many difficulties that have beset Max Schmeling, his fighting counterpart from Germany.

At the former heavyweight champion's request, Schmeling and his manager, Joe Jacobs, had an appointment here to discuss with Dempsey the course of their further ring activities in America.

While Dempsey refused to discuss the conference, it was believed he would attempt to buy the German heavyweight's much disputed contract or would discuss terms for a battle between himself and Schmeling. Dempsey is representing a group of Chicago sportsmen as a promoter.

BAPTISTS ANNEX SUNDAY SCHOOL LEAGUE PENNANT

PRESBYTERIANS TURNED BACK HANDILY IN FINAL CONTEST OF 3-GAME PLAYOFF SERIES

The Baptists, undefeated winners of the first half of the Vernon Sunday School baseball league season, today found the going harder and were forced to be content with third place in the second half, today are in undisputed possession of the league championship title. They won it handily yesterday when they defeated the Presbyterians 13 and 2 in the last and deciding contest of the three-game playoff series between the winners of the first and second halves, respectively.

Williams, Presbyterian hurling ace, was off form to allow eight hits and four walks, and he hit a couple of Baptist batters. Although he whiffed six Baptists, his closing day was trouble-filled. A bunch of errors did not add to the spirit of the game. Carl Simmons pitched a splendid game, perfecting his second victory for the week. He allowed four scattered hits. The Baptists went into the last game with slight odds against them, by reason of their defeat Wednesday by the same team. Although the Baptists were victorious in the first of the three-game series, Bert Williams reduced their hopes in the second. With a perfect record at the end of the first half of the season, the Baptists were favored to be the most serious threats in the second half, but ended the scheduled season in third place. The Christians tied with the Presbyterians for second half honors and were reduced to runners-up when they lost two games of a three-game semi-final playoff series.

Foster, Baptist manager and short stop, singled to center field to start the game. Steve Dobbs rolled to Bourland who recovered and threw to Blanton, covering second, but Blanton fumbled, and Dobbs was safe. A wild pitch advanced the runners, and Rainwater connected for a two-bagger to score Foster and Dobbs. King walked and Hardison struck out. Wole was safe on Bourland's fumble as Rainwater scored. Chaffin and Bridges struck out.

Baird was safe when Foster fumbled and failed to make the throw in time. L. Williams flied out to Bridges, and Castleberry struck out. Bob Williams doubled to center, scoring Baird. Bert Williams fouled out to Hardison.

Simmons and Foster struck out to start the second. Dobbs was safe when Bourland missed the throw, and Rainwater grounded out. Bob Williams to Bourland.

Continuing the fast second inning, the Presbyterians were retired in order. Bourland struck out, Pace flied out to Foster, and Bowman grounded out. Foster to Chaffin.

The third saw another trio of Baptist runs and the second Presbyterian tally. King opened the act with a triple to center field. Hardison's leg was struck, but he was able to steal second after the lick. Wolfe singled to right, advancing on a wild throw from that section as King and Hardison scored. Chaffin lifted a high one to Castleberry and Wolfe scored on the sacrifice. Bridges struck out and Simmons grounded out. L. Williams to Bourland.

Blanton flied to Bridges to start the Presbyterian third. Baird singled and stole second. L. Williams popped to Foster and Castleberry singled, scoring Baird. Bob Williams was safe on Rainwater's fumble. Bert Williams grounded out, Foster to Chaffin.

The fourth saw the bat go the round and start on the second round as the Baptists brought in six runs. Foster led off with a double to left, and Dobbs walked. Rainwater was hit and the bases filled. King singled to center to score Foster and Dobbs. Hardison singled to left, scoring Rainwater. A wild pitch advanced Hardison, who went to third as Wolfe grounded out. Bob Williams to Bourland. King scored on the play. A passed ball brought in Hardison. Chaffin walked and Bridges drew a pass, but the former went out at third. Bowman to L. Williams after the runners had completed a double steal. Simmons put one by Blanton and Bridges scored. Foster went out, Bert Williams to Bourland.

The fourth was quiet for the Presbyterians. Bourland and Pace went out, Foster to Chaffin, and Bowman grounded out to Chaffin.

Dobbs started the fifth and was safe on Blanton's third error. Rainwater struck out, and King went out. Bert Williams to Bourland. Hardison singled to left, scoring Dobbs, who had stolen second and advanced to

third on a balk. Hardison retired the Baptists for the day and for the season when he was caught at second, Bowman to Bob Williams.

The Presbyterians brought in their gloves and McCabe, batting for Blanton, went out, Wolfe to Chaffin. Baird fouled out to Hardison, and Castleberry popped up to Wolfe, and the Sunday school baseball season was over until 1930.

LEADERS FAIL TO BOOST LEAD

CUBS LOSE SOME GROUND AND ATHLETICS AT STAND STILL

(By The Associated Press)
Novely was injected into the two major league races yesterday when the Athletics failed to increase their lead and the Cubs actually lost ground.

The Macks won a spirited game in Cleveland 6 to 5, but the Yanks won with them—from Detroit 12 to 2—leaving the Philadelphia margin stationary at fourteen games.

In the National League, the Cubs were defeated in Brooklyn 5 to 2 while the Pirates were scalping the Braves 9 to 3 to reduce the Bruin advantage to seven and one-half engagements.

The Yankee victory at Detroit was notable for Babe Ruth's thirty-second home run. The champions drove Uhl from the box in three innings. Eddie Wells was right all the way.

At Thomas pitched well enough to bring the White Sox home ahead of the Senators 5 to 6, and Charlie Ruffing tossed the Red Sox to a 3 to 2 decision over Alvin Crowder and the Browns at St. Louis.

Ray Moss, young Brooklyn right-hander, set the Cubs down without a run until the ninth at Ebbets Field. The Robins themselves had no little trouble with Charley Root, being held to two hits in the first six rounds, but they finally broke through in the seventh.

The Pirates had one of their famous hitting afternoons at Braves Field, pounding Messrs. Seibold and Peery, the Providence recruit, for fifteen hits and nine runs. Brame breezed home with not the slightest difficulty.

Frank O'Doul celebrated with his twenty-fourth homer at Philadelphia, but Cincinnati pounded Lou Koupal and others to tie the Phillies 7 to 3. Ray Kulp was the winning pitcher, but had to have the aid of Rube Ehrhardt at the finish.

TWO PERENNIAL RIVALS IN JUNIOR TENNIS FINALS

Culver, Ind., Aug. 17.—(P)—The two perennial California rivals for national junior tennis supremacy, Keith Gledhill of Santa Barbara and Ellsworth Vines of Pasadena, faced each other again today on the Culver Academy hard courts for the singles title. Seeded in the championship draw as a number one and two, respectively, Gledhill and Vines stroked their way into the finals yesterday, the former romping over Junior Boehmer of St. Louis, 6-0, 6-1, while Vines eliminated Robert Bryan of Chattanooga, Tenn., 6-1, 10-8.

They teamed together and won the national junior doubles championship by defeating Bryan and Wilmer Hines of Columbia, S. C., 6-0, 6-5, 6-1.

DALLAS SWIMMERS ARE SECOND IN SOUTH MEET

New Orleans, Aug. 17.—(P)—The Audubon Club team of New Orleans held a narrow margin lead in the Southern Amateur Athletic Union swimming championship today following the final junior events last night.

Events last night left Dallas a close second with a total of 19 points, while the defending champion, the New Orleans athletic club, trailed with only 7 markers.

AMARILLO SANDSTORMERS TO HIT WITH GREATER FORCE IN 1929 GRIDIRON COMPETITION

Amarillo, Aug. 17.—The Sandies' chances to cop the district and go into the bi-district and even higher competition, are good. This year's team will be different from last. From appearances now there will be considerable more weight, which means a loss of speed. Last year's wonder team that made all their own position, even Abilene, look foolish when it came to the aerial game; that dashed about with bewildering speed and executed intricate plays; that flashed through the district by overwhelming scores and into the bi-district—that was truly a wonder team.

This year's team is heavier; it has more power. It may be as great a scoring machine as last year's but it will make itself respected more because of its crushing line, powerful defense and its speedy backs. Both than by speedy, flashy, deceptive running and aerial game.

Bob Walker, the tricky, clever southpaw, is gone. In his place powerful will be Bill Gibson. Bill showed flashes of real football talent last year when he was given a chance in the backfield. He was especially effective against Abilene. But whether he can couple an effective passing game, either sending or receiving, with his fast-starting line backs and end sweeps, has not been demonstrated.

Kenneth Travis is gone. Who will be this year's signal barker? Burl Bufkin, a sub last year who has been showing unusual ability in spring practice, is expected to be given a trial at the job. It is possible, too, that Bill Gibson may be shifted to the position. There are others, who also make their bid.

Cully Hudgins, dependable ground gainer of last year, is back on the job

again and is expected to be one of the principal ground-gainers this year. At half back, he was a wonder on the end runs generally described as "sweeping," and can usually be depended upon to rack up a good gain.

Charlie Doebler, "Big Doeb," is gone. But in his place is the scrapping, powerful Lockhart, trained on a ranch and as tough as they make them. He is expected to draw the full-back assignment this year, if he shows up well in camp. And Lock is bigger this year than he was last, which is going to help things out considerably.

Hymie Clayton, Francis Blair, Fred Nicklaus, Wayne Nolan and one or two other members of last year's line squad, are back, and with the addition of some youngsters who are playing on the "varsity" for the first time, will form a powerful line. Both of last year's centers, Redder and Lawhorn, have graduated, and it is likely that Nicklaus will be given a trial at the position. There are several other likely candidates for the job, too. Several weighty, husky novices are working like Trojans for line positions. Line Coach Marshall May is expected to whip them into shape in a hurry. More dope about these rookies will be dishied out when training camp gets under way August 26, and definite assignments are made.

Of course all this speculation is contingent upon the showing the boys make in the two-weeks of training before school opens. Lots of talent can be discovered, and lots of expected gridiron genius can fade out in that time. But the way it stacks up now, Amarillo will have a powerful team with a crushing wall, and a speedy, versatile backfield that should go far in the state race—unless they are brought up short in the district.

HERMAN LEADS IN BINGLE RACE

FLATBUSH FLOGGER HOLDS 28 POINT MARGIN OVER O'DOUL

New York, Aug. 17.—(P)—Babe Herman, the Flatbush flogger, continued to set the pace for the National League batsmen, twenty-eight points ahead of Frank O'Doul of Philadelphia, his nearest competitor. Herman's average this week-end is a mere .413 according to averages issued today and including games of last Wednesday. O'Doul has .385.

Following the two leaders are these regular batsmen: Terry, New York, .379; Hornsbey, Chicago, .364; Traynor, Pittsburgh, and Hendrick Brooklyn, .362; Hefey, St. Louis, .354; L. Warner, Pittsburgh, .353; Douthitt, St. Louis, .349; and Klein, Philadelphia, .348.

Hornsbey leads with runs scored with 107, and Melvin Ott of New York in runs batted in with 113. Terry has the greatest total of hits, 171, and Frederick of Brooklyn the largest collection of doubles, 39. L. Warner sets the pace in triples with 15 and Klein in home runs with 33. Cuyler of Chicago leads with 29 steals.

Guy Bush, in the seven days ending Wednesday, pulled up to a tie with Burleigh Grimes of Pittsburgh for the pitching leadership. Each has won sixteen games and lost only two. Grimes' percentage of 89.8, Grimes is still out with an injury.

The leaders are followed in the averages by two of Bush's Chicago teammates, Hal Carlson and Charlie Root. Carlson has won eight and lost two for .800, while Root has taken twelve victories with only four reverses for .750.

Three clubs are above the .300 mark in team batting and all are within one point of one another. The Phillies lead with .308, and the Pirates and the Cubs are tied for second place with .302. The Bruins are on top in fielding with .974. The Giants are one point from the top and the Reds two points.

TILDEN AND HUNTER IN FINALS OF TENNIS PLAY

Rye, N. Y., Aug. 17.—(P)—Through a host of younger players possessed of more speed but less knowledge, Big Bill Tilden and Frank Hunter had advanced today to the final round of singles in the eastern grass court championships. They were to meet this afternoon for the title won last year by John Doe of Santa Monica, Calif.

Tilden climaxed a week of erratic play by trouncing Doe in the semi-final round yesterday after a four-set battle, 6-3, 3-6, 6-4, 6-4. Hunter advanced to the final round at the expense of H. W. (Bunny) Austin, British star, 6-4, 3-6, 6-2, 1-6, 6-1.

Tilden displayed some of his finest tennis to beat Doe.

PLAN SHIFT IN LINE-UP OF BRITISH POLO TEAM

New York, Aug. 17.—(P)—Lieut. Humphrey Guinness, and not Col. R. K. Wise, will be back on the British polo team which hopes to challenge the United States in an international series next year, says Capt. Charles H. Tremayne, leader of the team.

Capt. Tremayne said the British team, provided it was definitely decided to challenge, would consist of Major G. H. Phipps-Hornby at No. 1, C. T. L. Roarke at No. 2, Capt. Tremayne at No. 3, and Lieut. Guinness at back.

Foxx Hitting .383 to Maintain Lead in American Race

Chicago, Aug. 17.—(P)—Not quite as sensational as earlier in the season, but plugging along in a working-like manner, Jimmy Foxx of Philadelphia continues to set the pace for American League batsmen. Averages released today and including Wednesday's games give the Athletics' first baseman a mark of .383, four points shy of last week's mark.

Al Simmons, another of Connie Mack's sluggers, remained in second place, nine points behind Foxx, with an average of .374. Behind Foxx and Simmons were the following regulars: Fonseca, Cleveland, .368; Manush, St. Louis, and Combs, New York, .362; Lazzeri, New York and Fothergill, Detroit, .359; Ruth, New York, .358; Heilmann, Detroit, .352; K. Williams, Boston, .343.

With three men in the first ten, including George Herman Ruth, who defending his home run leadership by driving out three during the week, the Yankees assumed the team batting leadership with a mark of .306. The figure involved no improvement on the part of the Yankees who had the same average a week ago, but enabled them to climb over the Athletics who slumped four points to .303. Detroit held third place with .302, the same as a week ago.

Built around the Babe's 31 homers, New York had a team collection of 106 for the season. Philadelphia had scored 725 times and had held opponents to 464 runs, for the leadership in both departments.

Robert Moses Grove finally gained his eighteenth pitching victory of the season, but was forced to work 17 innings to get it at Cleveland Wednesday. The start was his fifth since he won number 17 more than two weeks ago. His record was 13 won and two lost. George Earnshaw failed to win or lose in two starts and his mark remained at 18 victories and five defeats. The third member of Connie Mack's powerful trio, Rube Waddell, won one and dropped one to bring his record to 17 triumphs and seven defeats. Tom Zachary of New York, remained undefeated and won one game, giving him a season collection of eight straight.

Philadelphia improved one point in fielding and retained the team leadership with an average of .976, while St. Louis and the Yankees held second and third with .973 and .972, the same as their last week's averages.

Other leaders: Runs batted in, Simmons, Philadelphia, 118; Home runs, Ruth, New York, 31; Triples, Fonseca, Cleveland and Miller, Philadelphia, 12; Doubles, R. Johnson, Detroit and Manush, St. Louis, 37; Runs, Gehrig, Detroit, and Gehrig, New York, 102; Hits, Simmons, Philadelphia, 163; Stolen bases, Gehrig, Detroit, 18; Strike-outs, Grove, Philadelphia, 130; Double plays, Cleveland, 125; Triple plays, Chicago, New York and Detroit, one each.

SPUDDERS TURN VITAL SERIES WITH PANTHERS INTO ROUT BY WINNING THIRD GAME IN ROW

(By The Associated Press)

The Panthers' invasion of Wichita Falls for what was to have been a decisive series assumed proportions of a rout for the Kittens yesterday when the leaders clubbed their way to a third straight victory, 5 to 4.

The combination of Pete Turgeon and his big war club and George Washington Payne on the hill again proved poison to the Cats. Pete broke up the fray in the ninth with a homer over the left center ballustrade. Payne relieved Steengraef in the eighth in time to be credited with his twenty-second triumph.

As a result of the Panthers' loss and Beaumont's defeat by San Antonio, 9 to 8, after winning eight straight, Shreveport slipped into second place, five games behind the Spudders. The Sports punched out a 12 to 3 victory over the two Dallas ancients, Connally and Martina.

Collard registered his sixth straight victory as the Sports made it two of three from Dallas. The seven knocks off him were divided among three Steers, Jimmy Moore, Randy Moore and Jeffries, with Jimmy producing three of them. Holman led the 14-hit Shreveport assault with four blows, including two doubles.

The Cubs battled through 11 innings to take the Buifs, 6 to 5, in their opener. Lefty Thornahlen not only turned in his second well pitched victory since joining the Prattmen, but for the second time won his game with a timely walkoff. His sin-

gle scored the deciding run in the eleventh. Felix Vigore homered with two on in the sixth.

CHICAGOANS HAVE CHANCE TO WIN POLO CROWN

Chicago, Aug. 17.—(P)—For the first time in the history of polo, a Chicago team today had a big opportunity to win the National inter-circuit championship.

The hard-riding Oakbrooks were Chicago's entry, and they were the first ever to get into the finals in the event. They were opposed by the Midwick combination of Pasadena, Cal.

The Pasadena team entered the finals by defeating Wichita Falls, 13 to 2, Wednesday, while the Oakbrooks entered the round by defeating Fort Leavenworth, 11 to 10, in an exciting overtime match Thursday.

Pantages and Girl Accuser

Alexander Pantages, the multi-millionaire Pacific Coast vaudeville magnate, certainly is having his troubles these days. His wife faces trial on charges of murder and driving a car while intoxicated in connection with the death of a Japanese at Los Angeles and now Pantages has been accused of criminal assault by Eunice Pringle, above, 16-year-old actress at Los Angeles. Pantages, shown below, with Rose Fowler, left, and Ruth May, members of his office staff, denies the charges. He claims the girl "framed" him by tearing her clothes and screaming when he refused to book her act.

Proving

what thousands already
know . . . that here is
America's finest medium-
priced automobile

The information in the accompanying chart was compiled by comparing the Oakland All-American with twenty other medium-priced cars, thirteen of them higher than Oakland in price. It proves to everyone what thousands of Oakland owners already know—that today's Oakland All-American is America's finest medium-priced automobile.

Only a few comparisons are given here. There are scores more which we will be glad to show you. Come in to see them. And while you are here, drive today's Oakland All-American Six.

What these features mean to you

Large piston displacement is needed to develop high power at moderate engine speed. Moderate engine speed is an important factor in the life of a car.

No name in automobile coach building means so much as Fisher. Fisher bodies are famous for style, luxury and roominess. In addition, they hold such advantages as sturdy composite hardwood and steel construction, VV windshield, side cow ventilation and adjustable drivers' seats.

Reasonably long wheelbase gives greater riding ease and road balance. Also permits use of longer, smarter, roomier bodies. At the same time, a small turning circle is essential to handling ease.

Prices, \$1145 to \$1375, f. o. b. Pontiac, Mich., plus delivery charges. Spring covers and Lovjoy Shock Absorbers included in list prices. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for handling and for financing when the G. M. A. C. Time Payment Plan is used.

OAKLAND
ALL-AMERICAN SIX
PRODUCT OF GENERAL MOTORS

How Oakland compares with the field
Oakland's 228 cubic inch piston displacement is greater than 12 of the 20 cars in its price field. Of the 8 remaining cars, 7 are higher priced than Oakland.

Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 18 cars which have less-known bodies, 11 are priced above the All-American Six.

Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

Ruth Batchelor Married to Ranger Man Friday Morning

News was received here today of the marriage of Miss Ruth Batchelor, of Ranger, a former Vernon girl, and Louis Ward, also of Ranger, in Breckenridge Friday morning. Mrs. Ward is a daughter of Mrs. J. M. Batchelor, and lived in Vernon practically all of her life until she moved to Ranger about two years ago. She was employed at the time of her marriage as private secretary to the president of the Citizens State Bank in that city. Mr. Ward is employed with the Prairie Oil and Gas Company. The couple left following the ceremony for a wedding trip to El Paso, Carlsbad Cavern, N. M., and other points, after which they will continue to make their home in Ranger.

Great Trio Of Ruth, Tilden, Dempsey Fading

Ruth is going, Tilden is going, Dempsey has gone—that is the status of sports greatest championship combination.

By JAY VESSELS
(Associated Press Sports Writer)
New York (AP)—Ruth, Tilden and Dempsey, probably the greatest trio that ever performed simultaneously, soon will be known merely as heroes of the past.

Dempsey is through, Tilden may be in the closing campaign of his active career and the Babe is nearing that period when he will see more bench duty and less daily action. When this championship trio was at its height one or the other was splashed before the public all of the time. Think of 1921!

Here was Dempsey, then in his best boxing form, knocking Carpenter kicking in four rounds.

Ruth, after having astonished sportsdom with his 54 homers in 1920, pounded out 59 for a new all-time record.

And Big Bill Tilden was sweeping everything before him in tennis. He was winning the second of six straight national singles titles and had just started his great run of 13 consecutive Davis Cup challenge round singles. That was Ruth, Tilden and Dempsey, all champions in 1921. Today.

Dempsey, at 34, still yearns to fight again but he wouldn't have a chance to show as the old Dempsey did. Ruth, at 35, is carrying on but with only a part of the sensational form that stamped him as the king of sluggers.

Tilden, at 36, still outranks all but a few who have effectively barred his way to the heights in international play. There may be another trio before the sports world to equal the spectacular performances of Ruth, Tilden and Dempsey. Anyway there equal is not yet in sight.

Vernon Is Not Represented at League Meeting Friday

The Methodist Epworth Leagues of Vernon were not represented at the monthly business and social meeting

of the Chillicothe district League Union held at Lake Pauline Friday night. The Quana League were hosts to the gathering.

Several of the Vernon league members were expected to attend the meeting but due to so many being out of the city on vacation trips no one attended from Vernon.

Towns in the district, which were represented included: Quana, Chillicothe, Tolbert, Fargo, Wells Valley, Wildcat, and Acme.

Girl Scouts to Discuss Camping Trip Here Monday

Girl Scouts of Vernon will discuss plans for a camping trip at a regular meeting of the Scouts Monday evening at 6 o'clock at Allingham Park. The girls' organization will continue to meet each Monday evening at 6 o'clock until September 21, it was announced today by the sponsor, Miss Minerva Love. After that date the regular meetings will be held on Saturdays. A Junior Girl Scouts will be organized for girls between the ages of 7 and 10 on Monday, September 9, Miss Love stated.

PROBE OF YOUNG WOMAN'S DEATH GETS UNDER WAY

Philadelphia, Aug. 17.—(AP)—An exhaustive investigation was begun today by Superintendent of Police Charles Smith to determine the cause of the mysterious death of pretty 20-year-old Mary Frances Morgan, whose body was found yesterday strapped to a chair in the kitchen of her mother's fashionable residence in Narbeth, Pa.

Four belts, one of them believed to be a man's bound, the girl. Gas was flowing from a jet on the gas range, but the windows and a door in the room were wide open, and police said they had found no evidence to indicate there had been a struggle in the room.
